

# API Training

## Addendum 2 of API Q1

Presented by 2R Consulting

### Overview

Created by Roberto Lodovichi, the Half-Day API Q1 Addendum 2 course, teaches the stringent requirements of the newest requirements introduced since June 2019 by Addendum 2 of API Q1; Specification for Quality Management System Requirements for Manufacturing Organizations for the Petroleum and Natural Gas Industry.

This course offers an in-depth look at the New requirements, clause by clause, and focusing on each of the detailed requirements for documentation, implementation and record keeping.

The Course analyze in detail the new requirement of Supply Chain with a direct approach, examples and work group/exercitations.

### Learning Objective

At the end of the course, participants should have the knowledge and understanding of the following:

- The background and objectives of the API Specification Q1 Addendum 2
- Which document of your QMS need to be updated
- The necessary steps to implement the Addendum 2 requirements
- The practical approach to control the supply - chain

### Prerequisites

The course does not have any prerequisite courses.
